See Continuation Sheet

Part III.

- ☒ It is not necessary for applicant to provide a separate record of the substance of the interview, since the interview directly resulted in the allowance of the application. The examiner will provide a written summary of the substance of the interview in the Notice of Allowability.
☐ It is not necessary for applicant to provide a separate record of the substance of the interview, since the interview did not result in resolution of all issues. A brief summary by the examiner appears in Part II above.

 (Examiner/SPE Signature)

(Applicant/Applicant's Representative Signature – if appropriate)

Continuation of Substance of Interview including description of the general nature of what was discussed:
Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Authorization for an examiner's amendment was given in a telephone interview with Ross Dannenberg to amend the application as follows: claim 1 has been amended to incorporate 11; claim 21 has been amended to incorporate 31; and, claims 41 and 43 have been amended to incorporate displaying a histogram indicating a range within which the focal and non-focal groups fall, based on the ordering attribute on which the focal and non-focal groups are ordered, wherein upon receiving user input selecting an interval on the histogram, a new focal group is determined based on the selected interval, and displaying the new focal group at a point of primary focus corresponding to the selected interval. .
